A revolutionary new approach to Years of Service

Don't let the moment slip away.

A work anniversary should be a moment of reflection. On how far you've come, what you've accomplished, and where you want to go. But all too often the moment is lost.

When an employee reaches a milestone anniversary, don't just say thanks. Take the moment to show them what their contributions have meant to their colleagues and to your success. Invite them to reconnect and recommit to your company, your community and your mission. Turn a tactical, lackluster program into a game-changing moment to engage and retain your key talent.

Service Timelines™ from Globoforce® is a milestone anniversary experience that leverages the power of stories and technology to congratulate your employees on the impact they have made, to re-energize their commitment, and to inspire all of your employees through the incredible power of thanks.

It's a great honor to present

Congratulations on reaching your

Tell them how much
they are valued.

It begins with reflections from senior leaders and managers, and then expands to include memories, stories and congratulations from colleagues. The Service Timelines experience reinforces an employee's sense of alignment with the company's mission and goals—and offers heartfelt appreciation for their individual effort that will drive engagement for years to come.

He is wearing a light blue button-down shirt and has a thoughtful expression, looking slightly downwards and to the left. The background is a blurred office setting with windows. A dark blue diagonal graphic element is on the left side of the image, containing text. In the bottom right corner, there is a white network diagram consisting of several nodes connected by lines.

Reinforce their connections to colleagues.

Co-workers share our ups and downs over the years, and often they know best how hard we work. The emotional richness of the Service Timelines experience comes from colleagues who are invited to share stories and video memories, and add their warm congratulations and appreciation on an important milestone. The participation of these work circles shows the employee just how much they matter to the lives of those around them.

Outstanding job on GPTW project

Niamh, I want to say CONGRATULATIONS and WELL DONE for finishing the Irish GPTW...

...the success it was without your leadership! Balancing the various speakers, logistics and different audience groups is no easy task, but everyone thoroughly enjoyed and gained from the event. What a great way to kick off a great year. Well done and thank you!
